## Pictures say more than words

... that's why we don't want to dwell on the fact that Brixental, with the two ski areas Kitzbühel and SkiWelt Wilder Kaiser - Brixental, is one of the most attractive and most modern winter sports regions in Europe; that in these ski areas alone around 450 km of the best prepared pistes await you; and that with the Kitzbüheler Alpen ALLSTARCARD you can ski in 7 ski areas. We also don't want to list what else there is to experience in the region, like cross-country skiing, winter hiking, ski tours, snow-shoe hikes and much more; that the region awaits with its fantastic highlights; and that Brixental is well known for its culinary specialities. We would much rather let the pictures do the talking. So, enjoy the most beautiful aspects in Brixental in what follows, and get an impression of the region and its three charming villages Brixen im Thale, Kirchberg and Westendorf for yourself.
